

MANY MEMBERS ADDED TO CHAMBER

Petersburg's Leading Commercial
Body Takes on New
Life.

MISSING GIRL IS FOUND

Officers Elected at Meeting of
Alumni of Virginia Military
Institute.

Times-Dispatch Bureau,
105 North Spotsylvania Street,
Petersburg, Va., January 25.
At a meeting of the board of govern-
ors of the Chamber of Commerce last
night over two-score additions were
made to the membership of that body
by election. The additions consist of
corporations, business firms and in-
dividuals, and among them some of
the most prominent commercial firms
of the city. The Chamber is now
working under a new and more liberal
plan, and its membership is open to
very business and professional men
who feel an interest in the advance-
ment and welfare of the city.

Improvement of the Appomattox.
Major Mason W. Patrick, of Norfolk,
he government engineer, in charge of
the river and harbor in Virginia, is
making inquiries here as to the amount
of business done on the Appomattox
during the past year, with the view
of making application to Congress for
an appropriation for completing the
improvement of the river and deep-
ening the channel.

Decision Affirmed.
The longstanding contempt case of
the State Council of Virginia, J. O.
A. M., against the J. O. U. A. M.,
came up in the Supreme Court of the
United States today, and the Virginia
Council was upheld. The fight began
in 1895, has been in the courts ever
since, and the Virginia body secured
an unbroken series of six victories
over the national body.

Missing Girl Found.
Miss Emma Casaples, the fourteen-
year-old Bohemian girl, who had been
missing from her home in Prince
George county since Monday morning,
was found in Blandford last night by
her parents, and has been returned to
her parents. The young woman left
her school early on Monday morn-
ing, but, instead of going to school,
left her books there, and came to
Petersburg, stopping at the home
of a family in Blandford.

Meeting of Alumni.
The Petersburg Association of the
Alumni of the Virginia Military Insti-
tute held a meeting in the Stratford
hotel last night and elected the fol-
lowing officers: President, William L.
Zimmer, Jr.; Vice-President, LeRoy
Roper; Secretary, Dr. E. L. McGill; An-
interesting address, with the institute
and its work as the subject, was de-
livered by Colonel E. W. Nichols, the
superintendent, and speeches were also
made by Captain M. C. Jackson, Wil-
liam L. Zimmer, Jr., Henry Patterson
and others. A banquet was served, and
the meeting was not adjourned until
midnight.

FARMERS SHOW INTEREST.

Institute Held Under Direction of State
Board of Agriculture.
[Special to The Times-Dispatch.]
Newbern, N. C., January 25.—A Farm-
ers' Institute was held in the court-
house today, under the direction of the
State Board of Agriculture, with T. B.
Parker, demonstrating the value of
100 farmers were present during the
day, and much interest was shown. A
large number of questions were asked
in all subjects discussed. Mr. Parker
discussed soil improvement and fer-
tilizers; Mr. Hutt, pecan growing in
North Carolina; Mr. Hutton, corn cul-
ture; J. P. Campbell of the United
States Department, discussed dissemi-
nation of crops, and R. Adams, of the
United States Forestry Service, told
what farmers could do in the forestry
work.

The party is making a trip through
the eastern counties. The members
were at Bayboro last night, and will
go to Washington tomorrow.

SCHOOL SUPERINTENDENTS.

More Than a Hundred Expected to At-
tend Convention in Durham.
[Special to The Times-Dispatch.]
Durham, N. C., January 25.—A con-
vention of city school superintendents
of the State will meet in this city

We Treat You 30 Days FREE

Blood Poison can never be cured with mercury
or iodine. You must know this first and
last. Medical authorities say so. The most effec-
tive cure is to drive the blood poison back
into the system and soothe it for several years.
Then when you think you are cured, pitiful mer-
cury symptoms will break out, and you find that
your bones have been rotting all the while. Your
teeth will begin to loosen and your tissues
glance, brain and vital organs will show the
terrible destructive power of the mercury and
iodine. Locomotor Ataxia, Paralysis, Imbecil-
ity and premature death are then almost in-
evitable. Any medical authority will corroborate
these statements. The remarkable vegetable
Blood Treatment does not give rise to this.

It drives it out. It positively contains no mer-
curious whatever, so that once cured by the
Blood Treatment you never run the terrible risk
of having your bones rotting, your teeth fall
out, your kidneys degenerate or
marred, producing remarkable changes in only
30 days. This is why we offer to treat you
30 days free. If you do not feel better, we will
give you a refund of your money.

You want to be cured and cured quick—not
poisoned with mercury and iodine for years.
30-Day Treatment is yours for the asking. You
will cure your blood poison in 30 days. You
are satisfied it is the most remarkable treat-
ment you ever took, you can continue it for
years, and you will cure your blood poison
in 30 days. You are satisfied it is the most
remarkable treatment you ever took, you can
continue it for years, and you will cure your
blood poison in 30 days.

Great Obac Treatment
This is a square deal. You sign nothing,
no money, no promises, except to take the
treatment.
The wonderful Waterman Test, the only blood
test known to medicine, is used. The body
is completely purified by the Obac Treat-
ment, and that mercury and iodine do not cure
blood poison. Sit down and write to us, and
we will send you a full history of your case in detail. We will
test your blood for a year, and we will
guarantee you a complete cure. We will
send you a full history of your case in detail.

THE OBAC CO.

3552 Rector Bldg., Chicago, Illinois.

tomorrow, the first session opening
tomorrow evening. It is expected that
100 will be present, with about fifty
guests outside of the superintendents.
They will be in session three days. Dr.
C. W. Stiles, of national fame, is ex-
pected to be present. The city school
teachers, with Trinity College, will
hold a conference, and the Mer-
chants' Association a banquet to-mor-
row night.

MARRIAGE IS ANNULLED.

Mr. Koogle Married Miss Snooks Under
"Threat and Fraud."
Frederick, Md., January 25.—The
Federal Circuit Court today annulled
the marriage of Martin B. Koogle,
of Brunswick, and Miss Annie Gertrude
Snooks, of Lovettsville, Va.
They were married December 1, 1908,
and Mr. Koogle, in his petition for an
annulment, alleged that he was in-
duced to marry by threat and fraud.
Mrs. Koogle is now living with her
parents at Lovettsville.

NTW PAPER FOR ROANOKE.

Republicans in Southwest Virginia to
Start Journal.
[Special to The Times-Dispatch.]
Roanoke, Va., January 25.—A local
Republican leader said that it was an
assured fact that the Republican party
would have a newspaper in this city.
It will not be of the ordinary cam-
paign variety, but a journal that will
impartially cover the news of the
Southwest Virginia, and at the same
time uphold the policies of the party.
Just when the newspaper will be
published has not been definitely de-
cided. It will be brought out as soon as
possible, and ready for the congres-
sional contest in the State next fall.

CHARGED WITH KILLING.

John Waldron Gives Bail for Appear-
ance Before Grand Jury.
[Special to The Times-Dispatch.]
Roanoke, Va., January 25.—John
Waldron appeared before a grand jury
at Welch, W. Va., last evening, and
was charged with killing Ben Tate
and Joseph Gillespie, at Kettleton, on
Sunday night. He waived examination
and was held for the grand jury. Bail
was furnished in the sum required by
the court.
The case has attracted considerable
attention in the field, and especially
among the various lodges to which
Tate belonged. The case will come up
before Judge Strother, who is crimi-
nal judge of McDowell county.

Winchester—The appointment of a post- master for the city of Winchester is looked for at any time now, and a great amount of interest is being taken here on account of the fact that there are two candidates for the place, the incumbent, Bentley Kern, and Robert G. Gibbons, son of C. M. Gib- bons, of this city. Representatives of both Mr. Kern and Mr. Gibbons have been at Washington a good deal of late, and have made the claims of the two gentlemen be- fore the government officials. Any day it is expected that President Taft will send the name of the Winchester postmaster to the Senate.

Norfolk—Although there has been
some talk of urging a special ses-
sion of the grand jury to investi-
gate the case of Percy C. Fobrey,
the negro who is charged with making an
attack upon Miss Lucy Upshur in Ghent
yesterday morning, it is not likely that
any such steps will be taken, inasmuch as
the grand jury will meet in regular ses-
sion next Monday week. It is quite likely
the case will be set for trial in the Corpora-
tion court immediately after the indictment
is returned. It is understood that Attorney
H. L. Loyall has been retained to defend
Fobrey, who is in the city jail. The attorney
had an interview with Police Major Rizer
yesterday.

Newport News—Simon Lake, inventor of
the Lake type of submarine torpedo boat
and head of the Lake Submarine Torpedo
Boat Company, accompanied by F. V.
Baker, an engineer of the company, arrived
in the city yesterday to inspect the two
submarine cruisers now under construction
for the company at the local shipyard.
They visited the yard yesterday and will
leave the submarines over again to-day be-
fore returning to Bridgeport, Conn., the
American headquarters of the Lake Com-
pany. The submarines building at the yard
are of the cruiser type, the first of their
class ever constructed in this country.

Alexandria—Several young men of this
city who were in a boat on the river yester-
day believe they saw a baby (alive or
dead) floating down the channel on cal-
culation. They are now making a careful
search for the infant, and are wearing a
dress. The young men were unable to make
an investigation from the fact that the
cake on which they believe they saw the
child was in the centre of a field of ice
which was being waded swiftly down the
river by the current, and it was impossible
to force their boat through it.

Clifton Forge—Russell Scruggs, the eleven-
year-old son of Section Foreman J. D.
Scruggs, of Glen Wilton, suffered the ampu-
tation of his right leg just below the knee
last evening by the regular eastbound pas-
senger train No. 3. From the best informa-
tion obtainable, it seems young Scruggs

Trail Fox Over Frozen Ground Course for Many Miles.

[Special to The Times-Dispatch.]
Leeburg, Va., January 25.—The Loudoun
hounds had a stiff run yesterday
over the frozen ground, beginning at
the Potomac River, on the Colon plan-
tation, where a gray was started, and
across the country toward Ashburn,
over a course that tried the endurance
and mettle of the horses, then back
over the same track, and a little to
the north toward Belmont, where the
fox was lost to view, the hounds keep-
ing up the trail until dark. The run
lasted three hours.

Following the hunt, the master, Mr.
Smith, with his guests, Messrs. Blake,
Hume and Howard, of the Toronto
Hunt, were entertained at "Colon
Hall," the home of John G. Hopkins.
Later the master and his guests were
entertained by Clarence Moore, master
of the Chevy Chase Hunt, near Wash-
ington, at the Metropolitan Club, and
at the suburban residence of Mr.
Moore. The daily meets of the hunt
will be discontinued to get the hounds
in condition for the "York" dog
show, and in the meantime Mr. Smith,
who is a member of Virginia of the
hunts committee of the National
Steeplechase Association, will make a
personal inspection of the fifteen ac-
credited hunts in the State, inspecting
the kennels and stables and interview-
ing the masters of each hunt in regard
to the advancement of the sport in
Virginia.

WILL URGE FORTIFICATIONS.

Defense of Cape of Chesapeake to Be
Presented on Congress.
Norfolk, Va., January 25.—Harvey M.
Dickson, of Norfolk, whom the confer-
ence on fortification of the Virginia
capes, in session here yesterday, ap-
pointed chairman of the general com-
mittee to urge before Congress the
establishment of impregnable defenses
at the capes of the Chesapeake for the
protection of Washington, Baltimore,
Norfolk, Richmond, Newport News, An-
napolis and the great railway bridges
crossing the Susquehanna River, said
today that he will at an early date
name a committee, to be composed of
three delegates from each of the capes,
to visit the capes and report on the
necessity of adequate fortifications at
the capes. A strong effort on the Cape
Hatteras, as well as a middle
ground fortification, will likely be
urged.

NEWS NOTES OF VIRGINIA

Bristol.—By the timely discovery of
a powder, the Southern Railway, near
Watauga Sunday night, a disastrous wreck
was probably averted. The rock rolled
down the hillside on the track, near the
store of L. S. Scott, at Watauga, and
was discovered by parties returning from church.
The train was stopped, and the rock
was removed. It is believed that the
rock was thrown from the hillside by
a party who had been drinking. An ac-
cident similar to what this might have been
near Lenoir City about three years
ago and caused the death of one or two,
while others were seriously injured.

Roanoke.—Roanoke got \$3,000 for Pitcher
Doane, Cleland, considering the youngest
worth the price. They also released Mid-
dlesbury, Schmidt and Touchstone to Roanoke
as a bonus. Doane is so far the only Vir-
ginia League pitcher that has been held by
the major teams. He has been spending the
winter in Roanoke, but expects to leave
next month for Cuba, where he will get
in touch with the team owners and accom-
pany them to the spring training quarters.

Norfolk.—Mrs. J. Griff Edwards, of this
city, head of all the Confederate choirs in
America, has returned from a delightful
trip to Washington, where she got to
sing for the Daughters of the Confederacy
at their celebration of General Lee's birth-
day. She was the guest of the National
Capital Chapter of the Daughters and the
house guest of Mrs. Pearce-Horn, who was
the president of the choir. Mrs. Edwards
was one of the guests of honor at the ball
and was in the President's box. The
singing of the choir at the ball, recall-
ing the singing of the choir at the Wash-
ington Convention of the Daughters Waterways
Convention with much pleasure. Later Mrs.
Edwards visited the district. She was
accompanying the choir to the Chatham-
burgh, where she will sing at the Chatham-
burgh. She is an old Confederate and Mrs. Edwards
sang for him to his great delight.

Staunton.—Walking into a local bank yester-
day morning a young woman, apparently
twenty years of age, forged the name of
Mrs. G. W. Moore, wife of the manager
of the bank, to a check for \$1,000. She
took the money from the cashier and walked
out. She was subsequently eluded a clerk who had be-
come suspicious and who attempted to fol-
low her. At last reports she had not been
apprehended.

Winchester.—The appointment of a post-
master for the city of Winchester is looked
for at any time now, and a great amount
of interest is being taken here on account
of the fact that there are two candidates
for the place, the incumbent, Bentley Kern,
and Robert G. Gibbons, son of C. M. Gib-
bons, of this city. Representatives of both
Mr. Kern and Mr. Gibbons have been at
Washington a good deal of late, and have
made the claims of the two gentlemen be-
fore the government officials. Any day it
is expected that President Taft will send
the name of the Winchester postmaster to
the Senate.

Norfolk—Although there has been

COMMISSIONERS' AUCTION SALE
OF
A FRAMED DWELLING, NO. 1910
WALLACE STREET, NEAR
MEADOW STREET.

By decree of the Chancery Court of
the city of Richmond, in the suit of
Hester Brown's Committee vs. Mary
Brown and others, entered on the 24th
day of January, 1910, we will sell by
public auction, on the premises,
MONDAY, JANUARY 31, 1910,
at 1:30 o'clock P. M., the following de-
scribed property: All that lot of land
with all improvements thereon, on the
north line of Wallace Street, fronting
on said north line of Wallace Street
30 feet, and running back between
parallel lines 133 feet. Improvements
consist of a substantial dwelling-house,
down the hillside on the track, near the
store of L. S. Scott, at Watauga, and
was discovered by parties returning from church.
The train was stopped, and the rock
was removed. It is believed that the
rock was thrown from the hillside by
a party who had been drinking. An ac-
cident similar to what this might have been
near Lenoir City about three years
ago and caused the death of one or two,
while others were seriously injured.
